Alondra Park Not Available for Highway Use

The question of the legality of the use of strips of land along the southerly side of Alondra park for a right of way for Redondo Beach Boulevard as a state highway was brought before the Board of Supervisors on Tuesday, according to Supervisors Raymond V. Darby.

The county counsel submitted an opinion to the board, ruling that inasmuch as the property

CROSSING DANGERS

On the basis of last year's record, 72 per cent of the grade crossing accidents in 1945 will probably occur at places where the driver has a clear view of the on-coming train. Of this type of accident, 82 per cent are likely to happen at crossings where there are warning devices, and over 33 per cent of the cases will no doubt involve driving into the middle of the train.

had been acquired by the county through an action in eminent domain, and was dedicated for park purposes, the use of any portion of Alondra park for highway purposes would be illegal.

Walteria Cubs Visit Museum In Los Angeles

Fifteen Cubs with Den Mothers, Mrs. Earl Gipe, Mrs. Joe Corter, Mrs. Viola Britt and Cubmaster Geo. P. Thatcher, visited the Exposition Park Museum in Los Angeles last Saturday. Cub Pack 240-C is sponsored by the Walteria P. T. A. In order to encourage Cubs to earn achievements permits, only those cubs who show a perfect attendance to den meetings and have earned an achievement between pack meetings are permitted to participate in pleasure activities.

A great deal of interest in cubbing is being shown by both the Cubs and their parents. The regular pack meeting held last Thursday, Feb. 15 in the Walteria elementary school auditorium featured the birthday anniversary of George Washington and the making of the first American flag.

Skits for the next pack meeting to be staged by the cub mothers are being prepared. "It is our desire to learn what the mothers know of their cubs activities," Cubmaster Thatcher said.

Walteria Council To Hold Meeting Next Monday

The Walteria Community Service Council regular meeting will be held on Monday, Feb. 26 at 8 p. m. in the Walteria elementary school auditorium.

Art Stagner states there are several propositions concerning the welfare of Walteria to be discussed particularly the survey of the water needs in Walteria as voted for by the Torrance City Council at their last regular session. The Walteria Community Service Council has been very active in promoting an up-to-date and adequate water system for this growing community.

B. J. Michels, president elect, will take over as president of the council for the coming year.

Washington's Birthday THS Show Topic

By ROBERT MAXFIELD

The students of Torrance high school this morning enjoyed a Washington's birthday War Bond show. The program featured Lieut. Robert Ecton, pianist, who gave a swing concert of popular numbers. The lieutenant, special service officer at Torrance Army hospital, is quite well known in this area as he has played on various occasions.

The show was sponsored by the Athenian society, Torrance high's scholarship club, in order to get the high school's Minute Man flag flying once again. The admission price was set at 50c or more worth of War Stamps. The school needs 90 per cent of the student body's participation to raise the Minute Man flag, and it is felt that through this sort of program we may reach our goal.

The program was under the chairmanship of Ralph Jakubowski, assisted by Lois Severin, Myrna Fossum and Robert Maxwell.

The students of the high school recently witnessed the picture, "South of the Border with Walt Disney." This picture showed a small portion of Walt Disney's South and Central American tour, on which he obtained much material for his picture "Saludos Amigos."

The picture demonstrated many of the South American dances and customs, and also showed how the various characters of the picture were born.

Troop 219 to Be Reorganized by Kiwanis Club

Boy Scout Troop 219, Torrance, again is being activated. A large part of the reorganizing is being done by Ray Begue, a veteran Scoutmaster and Eagle Scout, and Bill Kelly, planning engineer at Ideco, who at one time was Scoutmaster in San Francisco and Flushing, New York. Both Begue and Kelly are at the present time working on the committee. The Torrance Kiwanis Club again has agreed to sponsor the troop.

The Kiwanis has contacted several of the boys who formerly belonged to Troop 219 and several other boys who are interested in the troop.

The troop still has an adequate amount of equipment and records as well as finances.

'46 Class Picks Rings, Elects New Officers

By CLARICE OSSEA

A meeting in which the S'40 class of Torrance high school, sponsored by Louis Sauter, chose their class rings has been announced a success.

The meeting was called to order by the former president, Gene Holloman. Rings were voted and selected by a unanimous vote from everyone.

Following the vote, class officers were chosen. The cabinet consists of president, Bill Stanley; vice president, Jim Crawford; secretary and treasurer, Terry McIntier; sergeants-at-arms, Walt Hillier and Doug Bodner; class reporter, Clarice Ossea.

Gene Holloman completed a fine job for this group of students and Bill Stanley will do his best to fulfill the position, class members said.

Spark plug troubles may be divided into four classes; namely, too wide a gap, too narrow a gap, cracked porcelain, and dirtiness. Each one of these four deficiencies contributes to poor motor performance.

Sediment in the cooling system, or any foreign matter is particularly to be avoided. If anything of this sort lodges in the thermostat valve, the water may not circulate to the radiator when the engine reaches the proper temperature, thus causing the system to overheat.

TOWNSEND CLUB

By LOTTIE WADE

Torrance Townsend Club No. 1 will hold a business meeting and election of officers on Friday evening, Feb. 23.

It is desired that all dues-paying members be present and have a voice in the choosing of these officers, also that they make an effort to come early. The social night on Feb. 16 was attended by an exceptionally large crowd. There were visitors from both Redondo Clubs, Nos. 1 and 2. We were glad to welcome back our president after several weeks of absence. Also for the good music furnished by Mr. Buckley, our violinist, assisted so ably by Mrs. Tandy at the piano. We hope to retain her services for all future meetings to which the public is always welcome.

There are always the same social activities of games, refreshments and dancing following the business meetings which don't last long.

Federal Beach Board Due Here

The Federal Beach Erosion Board, composed of Army Engineer Corps officers, will come from San Francisco to meet with the Board of Supervisors March 1 to discuss local beach control problems; and will spend three days for the survey.

Mr. and Mrs. Joe Abegg, 2323 Hawthorne Blvd., a boy, born Feb. 14, at 11:35 p. m.

Mr. and Mrs. Alvin Kinniken, 24315 Allene Ave., Lomita, a girl, born Feb. 17, at 4:14 a. m.

Mr. and Mrs. Chas. Line, 1348 W. 216th St., a boy, born Feb. 19, at 10:20 a. m.

Ordinance to Make It Misdemeanor to Falsify Reports
The Board of Supervisors has ordered the drafting of an ordinance making it a misdemeanor in Los Angeles County's unincorporated areas to make false report to peace officers. Patrol officers report many drivers, involved in collisions or traffic accidents, leave the scene without identifying themselves and later report their cars stolen to avoid consequences of hit-and-run charges.
